

## TRAINING PROGRAMME on LAW LIBRARIANSHIP 12- 15 NOVEMBER, 2018

### About the Programme

*Law library professionals work in a variety of settings- in academic law libraries, state- and central government law libraries, Court houses, government agencies, private law firms etc. Though the career of a law librarian is similar to other career paths in a number of ways, there are some significant differences ranging from the sources they consult (legal cases, statutes, treatises and so on) to the library users they deal with.*

*The concept of law librarianship in India is relatively new and on a developing level. Furthermore with the emerging growth of law universities in India, and the growth of similar legal institutions, legal firms, the demand for this profession has increased immensely.*

*Law Librarians across the world have the responsibility to engage, develop and lead human resources. An effort in this direction is being made by organizing a four-day training programme on law librarianship at Gujarat National Law University, Gandhinagar from 12 to 15 November 2018.*
