

## Programme on Advanced Applied Statistics for Legal Studies at GNLU

---

**Gandhinagar, September 12, 2018:** Gujarat National Law University's Centre for Law and Economics is organizing a four-day Training Programme on **“Advanced Applied Statistics using IBM SPSS Statistics for Legal Studies”** from 13th to 16th September 2018.

The aim of the course is to equip the participants with the tools of Applied Statistics using IBM SPSS Statistics for Legal Studies, with which they will be able to carry out advanced and detailed research activities.

The course will enable the participants to understand the importance of empirical data in legal research, as well as it will help them to appreciate the quantitative data at hand in terms of its varied use. The course will further empower the participants to use these skills acquired to the interdisciplinary area to research inputs, in order to add and use the same for publications of the study conducted.

The participants for the course are from different colleges and universities.
