MESSAGE FROM THE DIRECTOR

I am delighted to present the Annual Report of Gujarat National Law University (GNLU) for 2024. This report encapsulates our relentless pursuit of academic excellence and unwavering commitment to fostering an environment of learning, innovation, and service.

In 2024, GNLU has achieved remarkable milestones that underscore our dedication to excellence in legal education and research. Among our significant achievements:

IMPROVED RANKING

I am proud to announce that according to the latest India Rankings 2024 released by the National Institutional Ranking Framework, GNLU has advanced from 65.69 to 69.56 and ranked 8th best law universities in the country and 5th best among the NLU's. We consistently remain among the top five NLUs. This achievement reflects our continued dedication to pursuing knowledge and academic distinction.

GNLU SILVASSA'S ACHIEVEMENTS:

Our Silvassa Campus, now in its second year, is steadily establishing itself as a strong institute for quality legal education, with many CLAT candidates choosing it over other recognised NLUs. With state-of-the-art mooted and library facilities, which were inaugurated by our very own Visitor, Hon'ble Justice Bela Trivedi, the Campus boasts of a wholistic culture where students excel. Our young students, just out of school, have already secured prestigious scholarships (Kotak, Reliance Education Scholarships), pursued internships at eminent institutions like NALSA, and won many national level competitions. A testament to this progress is the Public Address by Hon'ble Prime Minister, Sh. Narendra Modi, last week – where he mentioned GNLU Silvassa Campus as an important national level institution in the Union Territory.

CENTRES OF EXCELLENCE:

Our centres of excellence continue to illuminate the path of research and knowledge creation. This year, GNLU launched the GNLU Centre for Healthcare, Ethics, Legal Advocacy, Policy Research and Centre for Empirical and Applied Research in Law and Interdisciplinary Studies, further enriching our academic landscape. Additionally, the achievements of our Women and Child Rights Clinic and the GNLU Centre for Foreign Policy and Security Studies underscore our commitment to impactful research and engagement on critical issues.

STRATEGIC COLLABORATIONS:

GNLU has forged significant new collaborations, including partnerships with the University of Reading, Saxenas & Kumar Law Chambers LLP, The Institute of Chartered Accountants of India, Entrepreneurship Development Institute of India, Association of Healthcare Providers, India Tech and Manipal University. These collaborations signify our commitment to advancing knowledge, fostering international cooperation, and serving the national interest.

INNOVATIVE PROGRAMS:

The V.S. Mani Centre for Air and Space Law at Gujarat National Law University (GNLU) has been hosting the tri-force officers on its first of its kind course on 'Space Law for the Officers of Armed Forces' from September 2 to October 5 2024. Organized under a Memorandum of Understanding (MoU) with the Defence Space Agency (DSA the course took place at GNLU's campus in Gandhinagar.),

The programme was tailored specifically for senior officers from the Indian Armed Forces, Indian Air Force, and Defence Space Agency. The programme was a significant milestone in fostering specialized legal knowledge in the defense sector, contributing to the participants' professional development and the broader objective of strengthening India's capabilities in space security and policy.

ALUMNI ACHIEVEMENTS:

Our alumni continue to excel in diverse fields, bringing honour to GNLU. Notably, Dr. Dinesh Dasa's appointment as a Member of the Union Public Service Commission marks a historic moment for GNLU and reflects the calibre of our graduates. Our alumni have also performed exceedingly well in various State judicial services and brought accolades to GNLU.

MOOT COURT COMPETITIONS:

The success of our moot court competitions reaffirms GNLU's excellence in legal education and advocacy. The participation of international teams in events such as the GNLU International Moot Court Competition highlights our global prominence.

STUDENT ACHIEVEMENTS:

The university takes immense pride in the outstanding achievements of its NCC cadets at the Combined Annual Training Camp (CATC) held at the NCC Headquarters, Ahmedabad. Representing 2 Gujarat Independent Coy, Sergeant Samyuktha Anuram, Corporal Manasa Murali, Corporal Shivani Pranesh, Lance Corporal Divya Shekawat, and Lance Corporal Vishwa Singh Kachhawaha displayed remarkable dedication and skill, standing out among 195 participants. Their exceptional performances earned them five gold medals across various competitions, bringing great honor to their Unit and the university. Their success is a testament to their hard work, discipline, and commitment to excellence.

PLACEMENT SUCCESS:

The placement performance at Gujarat National Law University (GNLU) has shown a consistent upward trend, marked by rising median salaries and strong employer engagement. Over the past five years, the number of students securing placements has remained steady, with a peak of 117 placements in 2024. The median salary has also witnessed substantial growth, increasing from INR 10,00,000 in 2019-20 to INR 16,00,000 in both 2022-23 and 2024. This positive trajectory highlights GNLU's growing reputation among recruiters, with an increasing number of firms participating in the placement process, further reinforcing the strong demand for GNLU graduates in the legal and corporate sectors.

NATIONAL INSTITUTIONAL RANKING FRAMEWORK (NIRF 2019-2023)

As a benchmarking tool established by the Government of India, NIRF evaluates institutions based on parameters such as Teaching, Learning & Resources, Research & Professional Practices, Graduation Outcomes, Outreach & Inclusivity, and Perception.

The NIRF Criteria serve as a comprehensive framework for evaluating educational institutions in India. The first criterion, Teaching, Learning & Resources (TLR), assesses the quality of education through metrics like student-teacher ratio, faculty qualifications, infrastructure, and learning resources. Research and Professional Practices (RP) focuses on the institution's research output, including publications, patents, sponsored projects, and citations, highlighting its contribution to innovation and knowledge. Graduation Outcome (GO) measures the success of graduates through placements, higher education opportunities, and median salaries, reflecting the institution's ability to produce employable and accomplished alumni. Outreach and Inclusivity (OI) evaluates equity and diversity by considering gender representation, regional diversity, and support for economically or socially disadvantaged groups, including facilities for differently-abled students. Lastly, Perception (P) gauges the institution's reputation among peers, employers, and the public, emphasizing its brand value and quality. Together, these criteria provide a holistic approach to ranking institutions under the National Institutional Ranking Framework (NIRF).

The following tables provide a comprehensive overview of the Gujarat National Law University's ranking progress in the National Institutional Ranking Framework (NIRF), offering insights into its performance across various indicators.

CURRICULUM DEVELOPMENT

Curriculum development is attached to the highest degree of importance at GNLU. The University follows a healthy and systematic process for the designing and development of curriculum. Faculty-members are allocated subjects (core, optional and seminar) based on the preferences indicated and the expertise shown through applications that come, along with the notice of intimation of the same, at the end of the semester to decide curriculum plan for the next semester).

ACC prepares a draft-list of allocation of subjects among the faculty-members. Upon the acceptance and approval (of the draft) by the Director and the Dean (AA), the ACC releases the final list of allotment. GNLU designs its curricula in accordance with the UGC and the BCI mandates and does take into account the syllabi of other prominent National Law Universities in India and major foreign universities for further up-gradation of its own curricula.

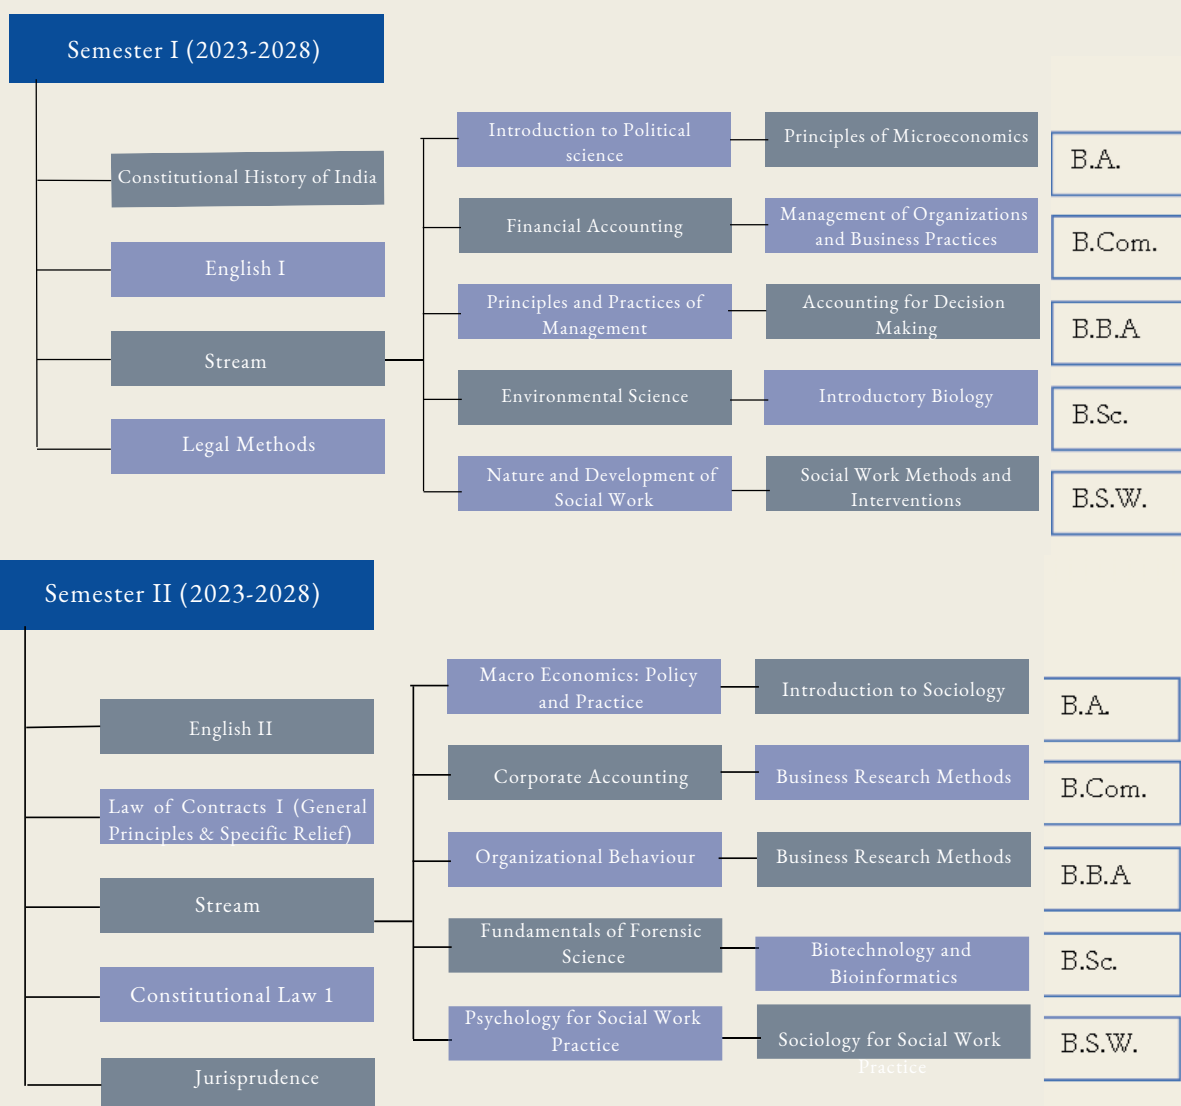

At GNLU, the curriculum is reviewed and upgraded every year. So, meaningful restructuring, keeping account of latest developments and anticipated developments is done every year. Each faculty member is required to anticipate research developments in his/her particular subject. CENTRES OF EXCELLENCE

VS MANI CENTRE FOR AIR AND SPACE LAW

Technological advancement has made International civil aviation a necessity in our contemporary world and reduced the globe into a village by bringing people closer. It has emerged as a classic example of global cooperation both on the ground and in the airspace. Its safety and security is a paramount concern in the light of adoption of newer ways to threaten aviation infrastructure. At the same time, commercial considerations are its fundamental drivers and a well-developed civil aviation industry is vital to any modern economy. International regulatory framework for Air Law strives to achieve an optimal balance between these competing considerations. India, being the world's largest and most diverse democracy is no exception.

The Cold War provided the context for the space age to begin. On the one hand, unprecedented developments in science and technology improved our understanding about it but also made us realise its infiniteness. With the passage of time, a select group of space faring nations is expanding with the joining of new nations. With ever increasing human activities in space, complex issues pertaining to its safety, security, environment etc., seek redressal through international space law which regard space as 'Province of Mankind'. Further, private players too have entered the fray and are gradually becoming indispensable partners in the space industry. At the domestic level, nations have come up with policy and enactments to facilitate as well as regulate them. India too is one such nation.

GNLU CENTRE FOR ENVIRONMENT, SUSTAINABILITY AND CLIMATE JUSTICE

The most significant part of 2024 was definitely the IUCN-AEL Colloquium that was hosted by the Centre from 4-7 July 2024 on the theme of “Mission LiFE: Ensuring Environmental Sustainability & Climate Justice through Community Action”. With both offline and online presentations by the delegates from around the world, organizing this event was both extremely challenging and fulfilling for GCESCJ. This event was the first of its kind to happen in India since its inception in 2003. We are incredibly grateful to Director Sir for paving the way and granting us the opportunity to host such a prestigious event in GNLU.

The Eco-club also undertook new activities in the past year in addition to regular bouts of plogging. One of these events was the plantation drive, conducted in collaboration with NSS and BSW Students, which involved the participation of several students who planted saplings around the campus and also in Bhaijipura. The plantation drive in the campus saw enthusiastic participation of students and their efforts shall soon bear fruits. The Club was instrumental in the procurement of new dustbins for the campus which are now fixed campus wide. Further, Litter-ary Genius competition was conducted which saw enthusiastic and witty participation of students. The Eco club is looking forward to hosting several events in 2025 that will help us connect more with the nature that surrounds us and emphasize the harmony that exists between law and a sustainable environment.

The Research wing has also been active, working tirelessly at both the front and back ends. In the odd semester, a team comprising of Dirshi Shah, Aradhana Barpanda, Deepika Reddy Y, Shaula Bhushan, Shaumya Tiberwala, Suha K and Vidita Govindachari submitted inputs to the Special Rapporteur on the topic of ‘Climate Finance, Debt and Human Rights’. This document will be instrumental in enriching the report of the Independent Expert on the Effects of Foreign Debt to be presented in the 58 th session of the Human Rights Council in February 2025. It shall also be published on the UN OHCHR website. This is the second such input which the Centre has submitted. Earlier, the research team had submitted inputs to the Special Rapporteur on Human Rights and Environment on the topic ‘Promoting Environmental Democracy: Procedural Elements of the Human Right to a Clean, Healthy and Sustainable Environment’. This team comprised of Salew P Kadena, Abhishek Tiwari, Tanisha Kachhawa, Anoushka Jain, Aparna Vats, Dharshan Govinth and Durlabhya Singh.

The Centre also launched the pan-Indian Hackathon in 2024 which started with the introductory webinar on Digital Health x Climate Change in correspondence with the Transform Health Coalition. The resource persons for this session included speakers from diverse backgrounds. The webinar was graced by Ms. Mrunmayee, Dr. Dhanya S., and Dr. Adrianna.

The Climate Change Hackathon has proven to be a huge success for our Centre and is hopefully the first of many milestones to come this year. In March 2025, we will be hosting the second edition of the International Conference on Climate Justice and Sustainable Environment (ICCJSE). The first edition of the ICCJSE took place in 2023 and has been instrumental in shaping GCSESCJ into what it is today. We encourage all of you to participate and look forward to this event. The theme of ICCJSE'25 is "Rethinking Environmental Law and Policy: A Call for Action and Accountability in Challenging Times".

GNLU CENTRE FOR CORPORATE AND INSOLVENCY LAW

'Corporate Entity' has become one of the most vibrant and dominating sectors in the commercial world, gaining significance for its dynamic nature and multidimensional approach. This corporate entity is governed by a plethora of laws and regulations that can be broadly categorized as corporate and competition law. The recent years have also seen a paradigm shift in the corporate and competition laws of the country. These changes come in the wake of India's resolve towards 'Ease of doing Business'. This entails various parameters such as, starting a business, dealing with construction permits, getting electricity, registering property, getting credit, protecting minority investors, paying taxes, trading across borders, enforcing contracts and resolving insolvency. India's gradual improvement in rankings by international bodies for ease of doing business, GDP growth and the like are a testimony to the fact that our corporate and competition laws are matching with global standards. However, we require constant improvement in this subset of our legal system to ensure our sustained success. The present legal system still faces challenges with restrictive trade practices and other anti-competitive issues, corporate governance, corporate frauds, shareholders rights, regulation of securities market, role and responsibility of the directors, corporate liability, insolvency and bankruptcy and the like. These are the concerns of all stakeholders associated with the corporate sector. The GNLU Centre for Corporate and Competition Law aims to contribute in this field through research, intellectual deliberations, practical output, legal solution and creative awareness; thereby filling the gaps, and easing the hurdles. The Centre was established on 13th October, 2012 by Hon'ble Mr. Justice K. A. Puj, Former. Judge, High Court of Gujarat.

OBJECTIVES

- To carry out research in corporate and competition law.
- To organize/conduct academic oriented programs related to the corporate & competition laws.
- To provide legal infrastructure to the corporate sector.
- To design the research proposals and carry out research in strategic areas of public policy on corporate governance.
- To analyze critically, the trends and developments in the institutional, legal and regulatory framework for corporate governance in India and abroad.
- To identify training and development needs of the officials of the legal, regulatory agencies associated with implementation of Corporate and Competition Laws including its rules, regulations and guidelines.

GNLU CENTRE FOR WOMEN AND CHILD RIGHTS

Established in September 2020 under the aegis of GNLU, the GNLU Centre for Women and Child Rights (GCWCR) aims to develop, promote and support advanced interdisciplinary studies and research at the intersection of law and policy in areas including gender rights, reproductive justice, and social inclusion. Our initiatives include critical legal research, student-led advocacy, and collaborative projects aimed at fostering meaningful change. We aim to strengthen public policy through independent, non-partisan and rigorous research and analysis in the field of child rights, education, mental health of women and children, and the overall welfare of children.

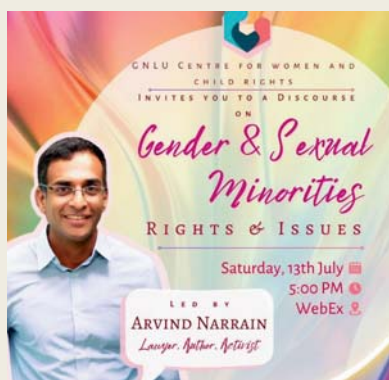

The National Health Family Survey suggests that 30% of women in the 15-49 age group have experienced physical violence and 6% of the same have experienced sexual violence and abuse and the latest NCRB data shows a 16% increase in the crimes against women. The NCRB reports that the country saw a 500% increase in crimes against children in the past decade. The high prevalence of malnutrition, the high neonatal mortality rate, poor coverage of full immunization, the declining sex ratio, and child marriage pose a challenge to improving human development outcomes for every child in Gujarat and it is pertinent that more time, research, and resources are allocated to make sure children have a safe, healthy and flourishing childhood. All these highlight the need for research and policy analysis in such areas to make sure that ironclad policies are implemented to progress gender equality in Gujarat and the in-country and to also assure that these policies are being rightly implemented.

The Centre was inaugurated in the gracious presence of Shri Priyank Kanoongo, Chairperson NCPCR. The Centre integrates research, direct field action, and teaching on child rights law; and uses law and socio-legal strategies as tools for transformative social change in order to enable children to live with dignity. The specific aim of the GCWCR is to ensure social justice, human rights, and quality of life for all children and women in India, with a special focus on equitable quality education, care, protection, and justice for marginalized and excluded women and children.

GNLU CENTRE FOR FOREIGN POLICY AND STUDIES

The changing international environment, following the advent of globalisation and end of cold war politics has made it imperative for both practitioners and scholars to rethink and redefine the existing framework on which foreign policy operated. Foreign relations are in fact developed in the context of the security environment in which the nations are geographically located. However, security issues are no longer seen in the pure realist term of preserving the national security of the states in terms of territory only. States have aligned and realigned to further their national interest by forming new regional and economic blocs, while brushing aside historical and cultural hostility, and arriving at consensus over various issues of global concerns.

Building partnerships based on mutual interests and mutual respect is driving the current thrust of relations around the world. Thus, the spirit of partnership is a defining feature of foreign policy. With development as a key element of foreign policy. Nations are working together, by seeking more exchanges between students and experts, new collaborations among scientists to promote technological development, partnerships between businesses, entrepreneurs to advance prosperity and opportunity for people everywhere.

A large number of extremists are committed to the destruction of societies; nations will have to come together to offset the prophecy of the clash of civilization. Such efforts, further reinforces the need for the building of new partnerships across regions and religions, non-governmental organizations and ordinary citizens to work toward good governance, transparent institutions and basic services on which security depends. The centre has been recognised as knowledge partner for contribution to the drafting of the Y20 White Paper on Peacebuilding and Reconciliation: Ushering in an Era of No War.

OBJECTIVES

- To undertake academic research leading to solutions to the challenges facing India, South Asia and the Globe. The Centre shall provide timely analysis of India's foreign policy and international affairs and recommend policy alternatives, with the belief that security and world stability are best advanced through a commitment to peace, justice and environmental protection as well as economic, political, and social rights.
- To provide a forum for discussion/debate and interaction among all stakeholders in the policy process.
- To build collaborative networks of researchers, policy-makers and business representatives, media and citizens nationally and internationally.
- To disseminate our findings and views through publications, seminars and conferences.

SUCCESS STORIES OF STARTUPS:

MATSYA AI: Revolutionizing Marine Waste Management

Matsya AI is an innovative product, incubated at the GNLU Legal Incubation Centre at Gujarat National Law University in 2024. It is an autonomous Unmanned Surface Vehicle (USV) designed to address water pollution by efficiently collecting floating debris, plastic waste, and solid pollutants from rivers, lakes, and other water bodies. It is equipped with advanced sensors and cameras to detect and collect waste, integrating AI-driven navigation for real-time water quality monitoring. This enables tracking of key water quality parameters, providing essential data for pollution assessment and mitigation.

MATSYA AI is a one-of-a-kind product in its category in India, designed and manufactured keeping in mind the Prime Minister's vision of 'Viksit Bharat' and Swachh Bharat Mission. Unlike traditional water-cleaning methods that rely on manual labour or fuel-powered machinery, it operates on battery power, ensuring zero carbon emissions and cost-effective, long-term sustainability, outperforming conventional solutions in both efficiency and adaptability.

Additionally, it runs in the opposite direction of the flow of water to effectively collect surface waste, storing up to 300 kg of trash in its onboard storage unit. Its innovative design allows it to operate in narrow spaces, such as urban streams and drainage systems, as well as in heavily trafficked water, tight spaces, and complex water systems.

While initial work has demonstrated its effectiveness, active work is underway on enhancing the prototype to improve efficiency, waste collection capacity, and autonomous operations. Our focus remains on refining its AI-driven analytics, optimizing energy consumption, and expanding its capabilities to operate in various environments. By continuously improving its design and functionality, MATSYA AI aims to become a cutting-edge, cost-effective, and sustainable technology for large-scale water restoration efforts in India.

SecMarx: Advanced AI-powered research engine securities market analysis

Founder: Varun Matlani

secmarx.ai

SecMarx was conceived as an advanced AI-powered research engine designed to streamline securities market analysis. The platform leveraged AI to extract insights from thousands of case laws, SEBI orders, SAT rulings, and regulatory circulars, offering a comprehensive legal-tech solution tailored for the Indian securities market. The objective is to enhance accessibility to structured financial and legal data, bridging the gap between raw regulatory material and actionable intelligence. Further, we have built proprietary algorithms for legal case analysis and structuring enabled with world-class OCR technologies adept for case laws classification through Unstract and MISTRAL OCR.

Currently, SecMarx have one of the largest dataset on Securities Law in India, further in our journey we understood to make India's fundamental models – more than AI, we would need more of India focused data. For instance, in all healthcare wearables, we still use algorithms on data of foreign users, whereas the dynamics are different in India, at SecMarx – within next 2 years, we plan to establish ourselves also a premiere dataset provider for India models – beginning from law, and further towards healthcare, behavioural economics and others.

Sorted: Arbitration made available to ground level

Founders: Aarsh, Ayush, Bhashit

Sorted.

Interestingly, while studying about ADR in law school, we came to realise that even non legal practitioners could very well serve as arbitrators and mediators as per law, and yet almost none of the community settlement facilitators resort to these methods, simply due to lack of awareness. That is when we decided to fill these industrial gaps through a legal-tech solution, which we dearly call 'Sorted'.

We conducted a pilot project in Tharad district, one of the most rural areas of Gujarat located near the Indo-Pak border. Against our expectations, we received an extremely overwhelming response from 20+ villages where over 50 community leaders joined our network as resolution professionals. They now look forward to adopting ADR in order to regularise this largely informal and thankless job.

So far, we have succeeded in resolving 3 unique cases during our time there, none of them taking more than 1 weeks' time from registration to resolution. Sorted has become a ray of hope for everyone there, from Sarpanches to the Police personnel, as the villagers are anyway avoidant of resorting to formal reporting of disputes or resolution procedures. Through Sorted, there is now a possibility of converting this largely unregulated industry into an efficient alternative to courts.

Our efforts have been recognised by the Gujarat Change makers Network, who have recognised us as a 'Change Maker Startup' for our efforts to revolutionize the law and justice sector. We were facilitated for the same with the 'Change Makers Award' by Shri Suresh Prabhu ji (Former Minister for Commerce and Industries, Union Cabinet) at iHub Gujarat in July 2024.

CRITIQUE – A STUDENT DISCUSSION FORUM

Critique is a student discussion forum that eliminates hierarchy and initiates such conversations about the most pressing issues that our society faces with the humble aim that discussants may leave the platform with an understanding about a new perspective. The kind of perspective, specifically, that can neither be gained from books nor from lectures. Where the forum does not press strongly regarding the achievement of goals, it places much greater emphasis on method. The forum ensures that it remains open to all views expressed by students and this openness is designed to strike at the root of various prejudices, misconceptions and stereotypes that often remain embedded in our minds.

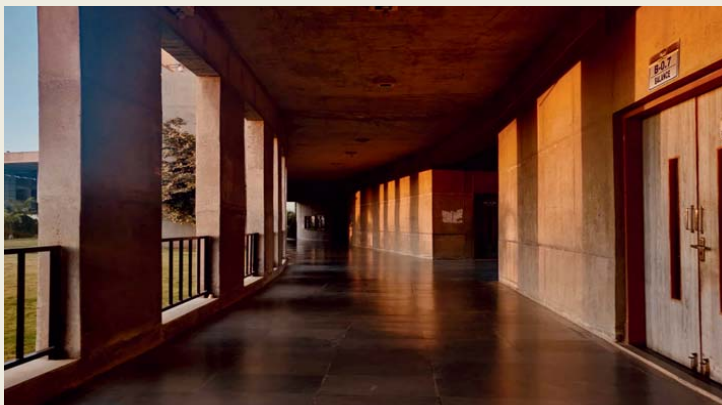

DEBATING SOCIETY

The GNLU Debating Society was formed with the aim to promote parliamentary debating within University and to increase participation in national and international debating competitions. The Society considered it necessary to inculcate debating as an everyday activity among GNLU students and, hence, introduced the concept of the GNLU Debating League (GDL) which meant holding weekly debating sessions and maintaining a tab of participation. The Society's aim was to make debating a culture within GNLU, and to develop that idea, it was necessary to have an international debating competition within the University.

GNLU MEDIA

GNLU Media is constituted to cover all the activities of the University in coordination with other Committees. We strive towards exploring and portraying opinions, views and coverage of social and legal issues, alumni interactions and faculty interviews. The Team has an inside track, which provides substantive content, thoughtful commentary, and informed discussion with an occasional bit of wit and irreverence.

LIBRARY AND LEARNING RESOURCES

The library is the central focus of all university academic, research, extension, and training activities. The main functions of our library are the acquisition, dissemination, and preservation of information resources. Library offers a cozy, supportive, and welcoming environment for reading, research, reference, and intellectual exchanges. It provides a vast space to accommodate more than 300 users simultaneously, with common, group, and individual silent reading space facilities. The library occupies 2760 square meters of space and is the largest air-conditioned wing in the administrative building to stack and preserve print and digital resources.

Although the students could not physically use the extensive library facilities, the GNLU Library still made various strategic adjustments to continue providing its services to the teachers and students, primarily in digital form. It accelerated and reinforced trends in library spending on digital materials and services.

The library system operates fully automated on the LMS Libsys Platform, incorporating state-of-the-art RFID/EM technology for enhanced efficiency and functionality.

The GNLU Library made significant investments in acquiring (buying and licensing) digital collections even before the pandemic. Over the years, the LSC has strived to recognize the potential of law as an instrument of social change. The Legal Services Committee acts as a 'community legal clinic' and focuses on, inter alia, the deprivation of government benefits, eviction and issues of domestic violence.

The LSC has always been motivated to work for the betterment of the society and more so for the enhancement of living standards of the underprivileged. In this regard, activities such street plays, drama performances and community legal service programs which promote legal awareness in areas akin to environment, consumer rights, human rights, right to information and labour laws are often organized by the LSC.

GNLU PRO BONO MANDATE

With a view to encourage students to give back to the society and to promote access to justice, GNLU from the academic year 2015-16, made it mandatory for each student to undertake Pro Bono activities for a minimum of 100 hours in his/her entire tenure of undergraduate law programme. Activities by GNLU students to complete their mandate includes undertaking legal literacy programmes, conducting social awareness programmes, promoting government schemes, providing legal advice, assisting Legal Services Authority, undertaking cleanliness drives among others. This Pro Bono mandate of the students is overseen by the Pro Bono wing, which is a part of the Legal Services Committee. As per the Pro Bono guidelines, a student can undertake Pro Bono work only under a gazetted officer. The students are required to complete at least 20 hours of Pro Bono work each academic year, thereby culminating into 100 hours of Pro Bono work in five years of their undergraduate law programme. On completion of their Pro Bono work, students are required to submit a certificate signed and stamped by the gazetted officer under whom the Pro Bono work was undertaken and a report explaining the nature of work and the impact of such work in the community.

These certificates and work completion reports are then scrutinized by the faculty convenor of the Legal Services Committee. Non-completion of the Pro Bono mandate leads to punitive measures such as withholding examination results and removal from membership of all centres, committees and clubs run by GNLU. The Pro Bono wing also undertakes certain activities throughout the academic year where students are awarded Pro Bono hours for volunteering. Some of the activities undertaken by the Pro Bono wing include undertaking door-to-door awareness campaigns on domestic violence act, procedure to file FIRs; street plays; Swachh Bharat campaign; organising blood donation drive among others. In order to motivate students to contribute to the society, GNLU has also introduced the Annual Pro Bono Legal Aid Award. One student from each batch is felicitated with this award for the Pro Bono work undertaken by her in an academic year. A special panel is set up each year to evaluate the work undertaken by the nominees and the panel looks into indicators such as nature of the activity, sociolegal impact of the activity among others.

INTERNSHIP & PLACEMENT SECTION

The Internship and Placement Division (IPD) at Gujarat National Law University is a distinguished entity among National Law Schools, dedicated to facilitating internships and placements for students across all batches. It operates to ensure a seamless transition from academics to professional careers by offering structured internship opportunities twice a year, in November-December and May-June. These internships provide essential practical exposure, helping Students bridge the gap between theory and real-world applications. The recruitment process formally begins in the penultimate year and extends through the final year, with continued support for graduates based on student and recruiter requirements. The department is headed by Dr. Nidhi Buch, an Associate Professor of Law, and Head, the GNLU Centre for Intellectual Property Rights (IPR). She is supported by a team of experienced faculty members: Prof. (Dr.) Girish R., Professor of Law and Head, Academic Affairs; Dr. Mobin Shaikh, Assistant Professor of Management; and Mr. Sushil Goswami, Assistant Professor of Law. The administrative staff, including Ms. Nisha Trivedi, Section Officer, and Mr. Sandip Parghi, Junior Clerk, play a crucial role in streamlining internship and placement processes, ensuring efficiency for both students and recruiters. Their efforts enhance communication and coordination, benefiting all stakeholders involved in the recruitment and internship processes. A key feature of the IPD is its inclusion of student representatives from pre-penultimate, penultimate, and final-year batches. These students play a crucial role in coordinating and engaging with recruiters, and assisting peers in securing internship and placements opportunities. With its unique structure, dedicated leadership, and student-centric approach, the IPD continues to be a cornerstone of professional development, ensuring that students and graduates are well- equipped for successful careers. In the year 2024, a total of 130 students (UG) and 49 (PG) registered for the recruitment drive, out of which 90% (117 students) and 63% (31 students) were placed.

INTRODUCTION

The Government of the Union Territory of Dadra and Nagar Haveli and Daman and Diu, vide letter no. TRG-GEC/NLS2022-23/164, dated 14th June 2022, requested the Gujarat National Law University to establish a Campus of GNLU at Silvassa to provide opportunities to students of Dadra and Nagar Haveli and Daman and Diu to have access to quality legal education in the Union Territory.

Section 5 of Gujarat National Law University Act, 2003 (Act IX of 2003) states that, “the objects of the University shall be to advance and disseminate learning and knowledge of the law and legal processes and their role in national development to develop in the students and the research scholars a sense of responsibility to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation, parliamentary practice, law reforms and such other matters; to make law and legal processes efficient instruments of social development; and to promote interdisciplinary study of law in relation to management, technology, international co-operation and development.”

In furtherance of fulfilling the objectives of the GNLU Act, the said request from the UT Administration was placed before the Academic Council of GNLU at its twenty-fifth meeting held on 02nd July 2022. The Academic Council unanimously recommended for establishment of the Campus of GNLU at Silvassa to offer quality legal education in the Union Territory.

Subsequently, the said recommendation of the Academic Council was placed before the Executive Council at its fifty-second meeting held on 28th July 2022. The Executive Council, after detailed deliberation on the agenda, passed a resolution that “the Council appreciated and approved the proposal for establishing the Gujarat National Law University at Silvassa, UT of Dadra and Nagar Haveli and Daman and Diu, provided that the GNLU Act 2003 permits such a course of action, failing which, appropriate provisions for permitting the same should be incorporated in the GNLU Act 2003.”

Thereafter, the resolution of the Executive Council was placed before the General Council at its twenty-first meeting held on 06th August 2022, chaired by the Visitor of the University Hon’ble Dr. Justice D.Y. Chandrachud. The General Council after due deliberation passed a resolution that “the Council appreciated and approved the proposal for establishing the Gujarat National Law University at Silvassa, UT of DNH & DD, provided that the Government brings an amendment to the Gujarat National Law University Act, 2003 which incorporates the enabling provisions as appropriately for permitting such course of action.

Meanwhile, the University may prepare a detailed project report on the requirements of the infrastructure, faculty, staff etc and work accordingly. Hence, this detailed project report is prepared for perusal of the Council. Further, resolution of the General Council was sent to the Law Department, Government of Gujarat for bringing necessary amendments to the Gujarat National Law University Act, 2003. The Gujarat Legislative Assembly passed the Gujarat National Law University (Amendment) Act, 2022 which enables the General Council for establishing additional GNLU Campus at such place within or outside the State of Gujarat. Hence, as per the resolution of the GC and the subsequent amendments to the GNLU Act 2003, the process for establishing GNLU-Silvassa Campus has been initiated with the support of Administration of Government of the Union Territory of Dadra and Nagar Haveli and Daman and Diu.

BRIEF INTRODUCTION OF SILVASSA

TERRITORIAL LANDSCAPE OF THE UNION TERRITORY

The historic merger of the erstwhile Union Territory(s) of Daman and Diu and Dadra Nagar Haveli was notified on 26th January 2020. The UT now has three districts i.e., Dadra & Nagar Haveli, Daman, and Diu. Dadra Nagar Haveli is a hilly district intersected by the River Daman Ganga with a predominantly tribal population such as Varli, Dhodia and Dublas, Kokna, Kathodi, Nayka, etc; Dadra Nagar Haveli and Daman are industrial towns with 7000+ industries.

Diu is an island and a major tourist destination in the Saurashtra region. Further information about the UT, as provided by the Government of Union Territory of Dadra and Nagar Haveli and Daman and Diu is as follows:

NEED FOR LEGAL EDUCATION IN THE UNION TERRITORY

The Government of Union Territory of Dadra and Nagar Haveli and Daman and Diu aims to achieve a Gross Enrolment Ratio (GER) of 50% by 2035. There is a well-established District and Session Court in Daman & Diu and the UT also has its own Civil Court in Silvassa. Currently, only two private affiliated colleges in Silvassa offer law courses in tribal territory. Most of the enthusiastic and bright students go to other States to pursue Legal Education. Therefore, the UT Administration aspires to establish GNLU- Silvassa Campus to fulfil its vision of providing stellar legal education to the students of the Union Territory of Dadra and Nagar Haveli and Daman and Diu.

ESTABLISHMENT OF GNLU - SILVASSA CAMPUS

The GNLU Team visited Silvassa on many occasions in the last few months, and in collaboration with the officials of the UT Administration, inspected several buildings to assess their feasibility for immediate use as a transitory campus. After much deliberations, the Sachivalaya, Secretariat Building, a landmark building in Silvassa was identified to be the most suitable premises to commence the Transitory Campus the new academic year. This building will be sufficient to meet the requirements for at least three years until the new campus is constructed in the 20-acre premier land identified for this purpose, in the heart of the city. The existing rooms shall be used for different purposes (classrooms, library, moot court hall, admin offices, faculty cabins, etc.) have also been identified in Consensus with the UT's Government officials

CAMPUS ACTIVITIES

AWARENESS PROGRAM (INDIGENOUS DAY)

Gujarat National Law University Silvassa Campus, organised an awareness program focusing on the rights of Scheduled Tribes (S.T.). The programme was organised by Equal Opportunity Cell, convenor Dr Arushi Sharma and member Ms Shweta Rathore. The aim of this programme was to educate students and the local community about the legal and constitutional safeguards for Scheduled Tribes in India. This initiative sought to empower students with knowledge about the socio-economic and legal rights of S.T. communities, raise awareness about their issues, and emphasize the importance of legal protections for marginalized groups. GNLUS students along with their faculty members covered five different schools of Silvassa, DNHDD during this programme.

The event began with a welcome speech from the head of the organizing team, who introduced the importance of human rights education and the need to be aware of the specific issues faced by the Scheduled Tribes in India. The students spoke on the historical background of the Scheduled Tribes and their evolving status under Indian law. The main objective of the event was to provide students with a deeper understanding of the legal rights of Scheduled Tribes (S.T.) under the Indian Constitution. It was to create awareness about the discrimination and social challenges faced by S.T. communities. The students encourage respect, inclusion, and social justice for S.T. people in society.

The students discussed key legislation such as the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, and the Protection of Civil Rights Act, 1955. A few other highlights of their discussion was Article 46: Protecting the interests of weaker sections, including S.T.s, and promoting their educational and economic interests, Article 15: Prohibiting discrimination based on religion, race, caste, sex, or place of birth, and how this protects S.T. communities, Article 330 and 332: Reservation of seats in the Parliament and State Assemblies for S.T. representatives. They also explained how these articles aim to ensure equal opportunities and representation for Scheduled Tribes.

The awareness program on Scheduled Tribe rights organized by law students was a significant step towards educating young minds about the legal, social, and economic issues faced by tribal communities. By empowering students with knowledge about tribal rights and constitutional safeguards, the program helped foster a culture of respect and inclusion for Scheduled Tribes. The event not only highlighted the importance of legal protections for these communities but also emphasized the role of the next generation in advocating for social justice and equality.

VISIT TO RED CROSS SOCIETY SCHOOL

On December 10th, 2024, students from Gujarat National Law University, Silvassa Campus (GNLU) visited the Red Cross Society School for Special Children, Silvassa, to commemorate Human Rights Day. In this event 60 students and six faculty and staff members had participated. During the visit two activities had been organised by the Law students, one was art and craft activity and second was a skit and role-playing. The event was coordinated by Equal Opportunity Cell convenor Dr Arushi Sharma and member Ms Shweta Rathore.

The purpose of the visit was to raise awareness about the legal rights of children with disabilities. The visit was part of a broader initiative aimed at promoting inclusion, understanding, and advocacy for the rights of children with special needs, particularly in the context of legal protections provided to them. The session also provided a platform for the staff and faculty members of the school to express their concerns and discuss how they can contribute to creating a fairer and more just society.

The law students aimed to spend some time with the school students and engaged them in art and craft activities, which were related to the importance of human rights for everyone in the society. The event also provided an opportunity for faculty members to learn about how human rights are protected and enforced within the legal framework. The GNLU students have also showcased a skit for the school students. The purpose of the skit was to make the concepts of human rights more accessible and relatable for the students. The skit illustrated a scenario where every person in the society has to contribute to make life easier for disabled children. It also highlighted the stereotypes and taboos attached to the aspects of specially abled children or children with disability. It emphasized the importance of empathy, understanding, and legal action in protecting the rights of others.

The visit of Gujarat National Law University students to Red Cross Society School for special Children on Human Rights Day was a successful and meaningful event that bridged the gap between law students and young learners who are specially abled.

COURT VISIT

On January 20th, 2024, CCAL organized an insightful visit for its students to the Sessions Court and the Chief Judicial Court of First Class in Silvassa. During this visit, students gained a valuable understanding of the judiciary's workings by observing live trials, including significant cases such as murder and rape. They had the opportunity to engage with advocates, watch courtroom proceedings, and discuss various legal issues. This experience provided them with practical exposure to the judicial process and enhanced their understanding of how law is applied in real-world situations.

On 24th September 2024, the Centre organized a visit for the first-year students to the Silvassa District Court, where they had the chance to engage with lawyers, law officers, and judges. This visit provided students with valuable firsthand exposure to the Indian legal system and the functioning of the judiciary. The interactive sessions with legal professionals enriched their understanding of the practical aspects of law and the judicial process, deepening their knowledge of both procedural and substantive law.

OUTREACH PROGRAM ON SC/ST (PREVENTION OF ATROCITIES) ACT, 1989

As part of the Constitution Day celebrations, the Centre organized an outreach program on the SC/ST (Prevention of Atrocities) Act, 1989, on November 25, 2024, at the Tokarkhada Public School. The program aimed to raise awareness about the importance of combating atrocities committed against SC/ST communities.

During the session, students and members of the Centre discussed the process of reporting such incidents to the police, as well as the role of special courts established under the Act to handle these issues. The discussion emphasized the legal protections available to SC/ST communities and encouraged a proactive approach against discrimination and violence.

DISTRIBUTION OF PREAMBLE PAMPHLETS

On Constitution Day, November 26, 2024, CCAL students distributed pamphlets containing the Preamble of the Indian Constitution to the residents of Silvassa and at various government offices in the region. This initiative sought to educate the public about the fundamental values outlined in the Constitution, including justice, equality, and fraternity. The activity not only enhanced constitutional awareness but also fostered a deeper connection with India's foundational legal document.

The screening was held at the Kala Kendra auditorium and students from GNLU, Silvassa and other neighbouring institutions of the area enthusiastically participated in it. *Mirch Masala*, directed by Ketan Mehta, is set in a village in colonial Gujarat and tells the story of female courage and solidarity in the face of patriarchal oppression.

The session was conducted by Dr. Mayura Sabne who enlightened the gathering about the various provisions of the Act and the mechanisms available to women to seek justice and redressal under it. All the housekeeping and security staff working at the Silvassa Campus attended the session and gained the necessary information. ACADEMIC SUPPORT PROGRAMME

The Academic Support Program (ASP) was introduced in January 2024 to the batch of 2023-28, marking its inception at the institution. Given the absence of senior batches, the program adopted a direct peer-to-peer learning approach, where students supported their peers in academic subjects. The program began with the selection of Subject Teaching Assistants (STAs) through an Expression of Interest (EOI) and interview process. In Semester 2, around 12 students were selected as STAs, and they conducted 30+ academic sessions, assisting students in improving conceptual clarity and exam preparedness.

To extend the program's reach, an orientation session was held in July 2024 for the newly admitted batch of 2024-29, introducing them to the benefits of ASP. Following this, 16 students were selected as STAs across various subjects for both first-year and second-year students. Collectively, 33 sessions were conducted, ensuring continued academic support. Additionally, mandatory attendance was recorded after each session for tracking participation and maintaining program efficiency.

Despite initial challenges such as scheduling conflicts and student engagement, ASP successfully fostered a structured academic support system. Moving forward, we aim to expand subject coverage, enhance STA training, and further refine the program's structure. A special note of appreciation goes to Ms. Nandita Gugnani and Mr. Chirag Jindal, STAs, and all participating students, whose dedication and commitment contributed to the success of ASP in 2024.

Through these initiatives, GWIC successfully created a supportive and enjoyable environment for students, offering them avenues to relax, express creativity, and develop healthy habits.

LEGAL SERVICES COMMITTEE

BLOOD DONATION DRIVE

The Legal Services Committee (LSC), in collaboration with the Red Cross Society, organized a blood donation camp on campus, inviting not only students and faculty but also members of the public to participate in this life-saving initiative. The event witnessed an overwhelming response, with volunteers from diverse backgrounds stepping forward to donate blood and contribute to a cause that truly makes a difference.

The drive was more than just a medical event—it was a collective effort to spread awareness about the importance of blood donation. Many first-time donors overcame their initial apprehensions after interactive sessions with medical professionals, who explained the health benefits and the life-saving impact of each donation. The Red Cross team ensured a smooth and hygienic process, conducting health screenings before the donation and providing post-donation care.

The event not only helped in collecting much-needed blood for patients in hospitals but also fostered a sense of social responsibility among participants. Seeing students, faculty, and even visitors come together for a common cause reinforced the power of community-driven initiatives. Through this drive, the LSC reaffirmed its commitment to meaningful social engagement, proving that small actions can create a significant impact in saving lives. Distinguished guests graced the occasion, including Dr. D.K Makhwana, Chief Medical Officer of Dadra & Nagar Haveli, Silvassa ; Dr. Rajesh Shah, Medical Officer at Red Cross Society Silvassa; Dr. Hardik Parekh, Assistant Professor at GNLU Gandhinagar and Ms. Nandita Gugnani, Assistant Professor of Law at GNLU Silvassa Campus.

EACH ONE TEACH ONE- ADULT LITERACY DRIVE

As part of our Each One Teach One Adult Literacy Drive under the Legal Services Clinic (LSC), we worked closely with the BVG staff—those who ensure our college remains clean and functional every day but often go unnoticed. Recognizing their struggles with basic banking, digital transactions, and daily bureaucratic tasks, we took small yet meaningful steps to bridge this gap. We started with the fundamentals—teaching them to write the English and Hindi alphabets, recognize numbers, and sign their names with confidence. Slowly, we moved to practical skills like reading essential documents, making digital payments, and understanding bank procedures. Sitting beside them, not as students and staff, but as equals, we celebrated every small milestone—whether it was writing their name for the first time or successfully transferring money online. The joy in their eyes and their growing confidence were our true measures of success. This initiative was not just about literacy; it was about dignity, empowerment, and ensuring that those who serve us every day are not left behind in the fast-moving world.

POSH TRAINING & AWARENESS DRIVE

Under the Legal Services Committee (LSC) initiative, GNLU-Silvassa took a step beyond traditional legal education to address a pressing societal need—awareness of workplace safety and dignity. In the wake of the unfortunate R.G. Kar rape case, our team felt a responsibility to ensure that those outside the legal fraternity, especially future healthcare professionals, understood the laws that protect them and those around them. Over four days, through engaging presentations, interactive Q&A sessions, and real-life case discussions, we sensitized first-year medical students at NAMO Medical Education and Research Institute about the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013. Many of them were unaware of their rights, the redressal mechanisms available, or even what legally constitutes harassment. Watching them gradually shift from passive listeners to engaged participants—asking questions, sharing concerns, and understanding their responsibilities—was a defining moment for us. It was not just about teaching a law; it was about fostering a culture of respect, vigilance, and empowerment. This initiative is just the beginning of our efforts to bridge the gap between law and society, ensuring that knowledge serves as a tool for protection and change.
