Thought Provoking Dialogues with world renowned experts

Trajectory of Maritime Industry

Explore opportunities in Law of the Sea & Maritime Law

Understand facets of Port Security, IUU Fishing & Marine Environment

GNLU Center for Public International Law organizes education and training programs in the field of Maritime Law to disseminate knowledge among various stakeholders. Keeping with this excellent traditions, the GNLU is pleased to launch 7th edition of GNLU International Maritime Academy 2018 on the themes of “Indian Ocean Region- Ports Security; Preventing, Reducing & Controlling - IUU Fishing and Marine Environment Pollution)”.

2018 Edition is designed to explore and assess the trajectory of law and policy affecting maritime commerce, port security, IUU fishing and marine environmental protection and resource conservation. It aims to equip participants with knowledge on contemporary and advance issues and practices on maritime industry related development; to identify legal and policy issues interfacing the economic and industrial development aspects of marine economy; to acquire sound understanding of role and responsibility of national and international agencies / government in protection of marine environment, IUU fishing and various security aspects. The maritime and shipping activities are subject to path ways for trade and commerce in maritime sectors.

The national and regional activities are having significant role in the ocean governance at international and domestic level. Recognizing that the sustainable development policies has obligations which should be embodied in the state practices at national and global perspective on above themes, 2018 Academy aims to provide unique opportunity to brainstorm on the policy, research and training interventions.

Aim

To equip participants with theoretical and practical legal, operational strategic issues enabling them to render efficient and effective research, advisory, policy and operational assistance to authorities of navy and maritime forces, agencies, institutions, industry, law firms and students.

GNLU Centre for Public International Law

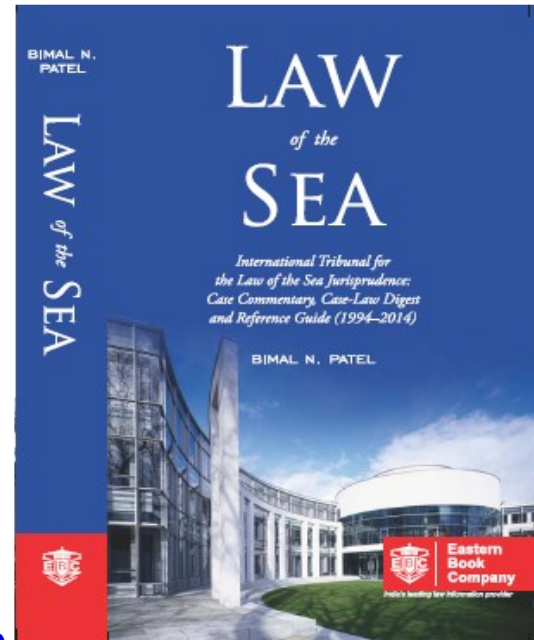

GNLU Centre for Public International Law (CPIL) since 2010 strives to undertake research studies in various areas of public international law, law of the sea and maritime law. Centre envisaged the vision to become a leading nodal centre for excellence in areas of research, teaching and training on the subjects of public international law, law of the sea, and maritime law, at national and international levels. CPIL has conducted a large number training programs on international law.

Mission

- **Research:** Policy oriented research and filling up the gap of quality research on the contemporary issues of public international law, law of the sea and maritime law.
- **Teaching & Training:** To provide forum for the discussion on research based teaching in the areas of public international law, law of the sea and maritime Law; to conduct and organise national and international training programs, seminars conferences, workshops of national and international importance on the subjects of international law, law of the sea and maritime law.

GNLU and Maritime Law

In the field of Maritime laws, GNLU has successfully conducted Global Maritime Security and Anti-Piracy Conference in 2011 and witnessed the presence of the delegates from **35 countries**. GNLU has conducted number of training courses for the officers of Indian Navy, Indian Coast Guard, Police officers of different states, Reserve police forces and Maritimes Boards of different states. GNLU has also conducted the prestigious external program of the Hague Academy of International law in November, 2013 on the theme of “Stability and Change in the Law of the Sea: Challenges in the 21st Century”. With an aim to foster, expand the knowledge and to build the capacity in law of the sea and maritime law, GNLU annual International Maritime Academy deals with global maritime issues and emerging challenges in its past 6 editions.
