*"The true intuition on the contrary carries in itself its own guarantee of truth; it is sure and infallible within its limit. And so long as it is pure intuition and does not admit into itself any mixture of sense-error or intellectual ideation, it is never contradicted by experience: the intuition may be verified by the reason or the sense-perception afterwards, but its truth does not depend on that verification, it is assured by an automatic self-evidence."*

### Sri Aurobindo

*(On Intuition as Power Arising from Consciousness higher than Mind.)*

**Greatest Judgments** radiate light of higher values liberating humanity from ignorance & suffering. Judges while writing judgments live in Certitude of Knowledge, Power of Purity, Boundless Compassion & Courageous Actions they gift society.
