

Gujarat National Law University

**Faculty Development Program**  
**On**  
**E-Content Development**  
**for MOOCs**  
**for**  
**Blended Teaching & Learning**

**17-19 January, 2020**

## About the Program

The UGC e-content scheme aims at developing high-quality e-content, as well as expertise for generating such content over the long term. The scheme provides financial assistance and technical support to teachers and other experts based in colleges and universities for the development of e-content. The inclusion of e-content in learning is now inevitable, and the UGC initiative is designed to meet the new challenges and to help India take the lead in this newly emerging field. The e-content, once developed, will be maintained at the mirror sites of the UGC Information Network (UGC INFONET) and will also be available at Consortium for Educational Communication (CEC) Website.

The program aims to facilitate faculty members to enhance their e-skills and collaborate with the IT industry in content development and multimedia production to develop educational content in electronic format, suitable for use in various teaching and learning programmes.

### Objectives:

- ❖ To facilitate the conception of e-content in all the subjects;
- ❖ To develop partnerships between educational institutions and the IT industry for the continuous development of new content and methodology taking into account contemporary technology;
- ❖ To enable exploration of more usable presentation in the context of e-learning content creation through models and practical examples;
- ❖ To maintain uniformity and follow appropriate standards for interoperability.

## Participation Fees

Rs. 2000/- (excluding accommodation)

Last Date for Registration:  
15 January, 2020

## Potential benefits:

- ❖ Addresses the problem of faculty shortage and good quality content.
- ❖ The program will help faculty members to update their knowledge and skills, especially for those located in rural/remote areas.
- ❖ The program would successfully bridge the digital divide and would help the academicians to move towards information-rich society.
- ❖ The program would result in the development of additional e-content and MOOCs courses at the PG level to ensure better access and equity in terms of providing quality education.

## Who can participate?

- ❖ Faculty members who are keen to offer MOOCs in the future.
- ❖ Passionate course instructors who wish to reach out to a wider student community and make a difference.
- ❖ Has a high learning ability and wishes to constantly adopt innovative teaching pedagogy.
