Senior Advocate, Supreme Court of India

Former Attorney General for India

MESSAGE

Legal research is a subject which has not received much attention in our country. For a fuller understanding of law and its impact on the lives of our people research into the subject matter of the law is essential.

I must compliment the Gujarat National Law University about its initiative in launching the GNLU Journal of Law, Development and Politics. I am sure that will be conducive to integrating interdisciplinary facets of law so as to give a holistic dimension to legal learning.
